7W Globe 95mm Filament gold E27 720lm 2500K dim

Dimmable: yes

Our 7W globe lamp is the optimal replacement for traditional decorative lighting due to its classic look. It is equipped with the latest 5th generation filament technology and thus has a high dimmer compatibility. Its color rendering with an RA value of 90 makes everything shine with true colors. The bulb has a golden coating that colors the light in 2,500K and creates an atmospheric ambiance. The low power consumption of the filament is confirmed by the good energy efficiency class.

. If you would like to know with which dimmers this product is compatible, please follow the link to the test results from our own workshop.
